He had not been there and the family had seen nothing of him.

FOUND HIS CORPSE.

A search was instituted and the farm was thoroughly gone over before any signs of the missing man were found. The party finally came upon his body which was lying in the rear of the orchard near the house. An examination showed life to be extinct and it was at first thought that he had fallen however, and a peculiar mark was noticed on the left side of the face just in front of the ear, suspicions of foul play were aroused. Coroner Schiltz behei d at Youngstown, May 23. was notified of the death but was not told of the suspicious circumstances attached to the affair.

A WEAPON FOUND. He went to the scene of the death Monday morning and made a thorough examination of the situation. A search was made over the orchard and fields surrounding the place where Holibaugh's body was found and a picket the dead man's face exactly. The fence was at such a distance that the mark could not have been made by a fall against it. Beside this, the blow, if blow it was, was much too heavy to ave been produced by a fall. Coroner Schiltz made a post-mortem

examination which showed that blow was not heavy enough to have raused death under ordinary circum mances but that death might have re sulted from the excitement incident to the attack, if there was an attack made. The brain was not in a normal condition at the time of the death, as there were indications of arterio sclerosis or a hardening of the tissues of the arteries which supply the brain A MAN SUSPECTED.

A floral offering was sent to the home by this paper and as many of the newsboys as possible made arrangements to attend the funeral.

The train struck him, threw him to the track and dragged him for a short distance. Both legs were crushed above the ankle in such a way that they were almost severed, the skull was fractured and the body was generally bruised and scratched.

People who were attracted by the boy's cries picked him up and carried him into the depot. Miller & Blanchard's ambulance was called to carry the sufferer to the Aultman hospital. where his injuries were dressed.

The injured boy is a son of Mr. and Mrs. John Little, 316 Park avenue. The operation which was necessarily made in the case proved fatal. Young Little grew weaker and weaker and finally expired shortly before 9 o'clock Tuesday night.

Case Almost Unprecedented in Medical Annals-- Five Year Old Patient Given Carbolic Acid Treatment.

'ane recovery of Dean Mitchick, aged 5 years, son of Mr. and Mrs. Frank Mitchick of 1525 Housel street, who was attacked with lockjaw over four weeks ago is probable, according to the atending physician, Dr. F. E. Hart. It is a rare case in medical annals.

At present the lad is able to talk and take some solid nourishment and is perfectly rational. The carbolic acid treatment was used and to this is attributed the survival of the youth.

Few sufferers from lockjaw ever recover. It is one of the deadliest dis eases known to the medical fraternity and this case is being watched with interest by local physicians.

The clinic was made up of three very difficult operations, the most technical of which was the formation of a new canal from the stomach, to avoid a cancer at the pyloric passage. This was done by uniting the small intestine to the stomach on the lower side above the left ear, the left hip was cut The clinic proved both interesting and profitable to the local party.

BLOODY EDICT

Instructs His Allies to Renew the Armenian Massacres. Which Shocked the World a Few Years Ago---Murderous Engagement.

Special to the News-Democrat. Berlin, April 29. - Die Information today reports that the sultan recently summoned the Kurd chiefs in Asia Minor to Constantinople and instructed them to recommence the Armenian massacres which caused such a sensation in the civilized world a half dozen years ago.

Armenian massacres, Die Information continues, have already occurred in the districts of Van Vashuaian, Mush and Sassun. In a fight near Van the Armerians fought the Kurds fiercely with the result that 200 were killed and several hundred wounded, many of the casualties being among the Kurds.

Armenian fugitives according to the paper, crossed the Russian frontier near Sarikamy pursued by the Turkish cavairy. The frontier guards raised the alarm and a regiment of cossacks appeared and fired on the Turks. A brief encounter followed after which the Turks withdrew.

Is like Playing with a loaded Gun. If you have Kidney Trouble attend to it at once.

It is easy to tell whether your Kidneys or bladder are diseased. Take a bottle or glass tumbler and fill it with urine. If there is a sediment—a powder-like substance—after standing a day and night, if it is pale or discolored, ropy or stringy, there is something wrong with the Kidneys. Other sure signs of disease are a desire to urinate often, pain in the back, or if your urine stains linen.

or if your urine stains linen.

There is no question that Dr. David Kennedy's Favorite Remedy is the best and surest medicine in the world for diseases of the Kidneys, Liver, Bladder and Blood, Rheumatiam, Dyspepsia, Chronic Constipation, and the sicknesses peculiar to women. It quickly relieves and cures inability to hold urine and the necessity of getting up a number of times during the night, and puts an end to the scalding pain when passing urine.

The Rev. Henry P. Miller, pastor Baptist Church, Spartenburg, S. C., writes:

"For years I suffered with Kidney, liver and heart troubles, swimming in the head, dull headache and numbness of the limbs. Physicians prescribed for me and I took different medicines, but none of them did me any good. But Dr. David Kennedy's Favorite Remedy cured me in about two weeks."
